Item 7.01 Regulation FD Disclosure.

Attached as Exhibit 99.1 to this Current Report on Form 8-K and incorporated herein by reference is the form of presentation to be used by P3 Health Group Holdings, LLC, a Delaware limited liability company (“P3”) in connection with its analyst day presentation.

The foregoing exhibit and the information set forth therein shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise be subject to the liabilities of that section, nor shall it be deemed to be incorporated by reference in any filing under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act.

Additional Information and Where to Find It

This Current Report on Form 8-K relates to the previously announced proposed business combination as contemplated by the agreement and plan of merger (the “Merger Agreement”) among Foresight Acquisition Corp., a Delaware corporation (“Foresight”), P3, and FAC Merger Sub LLC, a Delaware limited liability company (“NewCo”), pursuant to which, upon the satisfaction or waiver of the conditions set forth in the Merger Agreement, P3 will merge with and into NewCo, with NewCo as the surviving company. The proposed business combination will be submitted to stockholders of Foresight for their consideration. On August 12, 2021, Foresight filed a preliminary proxy statement with the U.S. Securities and Exchange Commission (the “SEC”), and Foresight intends to file a definitive proxy statement to be distributed to Foresight’s stockholders in connection with Foresight’s solicitation for proxies for the vote by Foresight’s stockholders in connection with the proposed business combination and other matters as described in the proxy statement. After the definitive proxy statement has been filed, Foresight will mail the definitive proxy statement and other relevant documents to its stockholders as of the record date established for voting on the proposed business combination. Foresight’s stockholders and other interested persons are advised to read the preliminary proxy statement and any amendments thereto and, once available, the definitive proxy statement, in connection with Foresight’s solicitation of proxies for its special meeting of stockholders to be held to approve, among other things, the proposed business combination, because these documents will contain important information about Foresight, P3 and the proposed business combination. Stockholders may also obtain a copy of the preliminary or definitive proxy statement, once available, as well as other documents filed with the SEC regarding the proposed business combination and other documents filed with the SEC by Foresight, without charge, at the SEC’s website located at www.sec.gov or by directing a request to Gateway Investor Relations, (949) 574-3860, FORE@gatewayir.com.

No Offer or Solicitation

This Current Report on Form 8-K shall not constitute a “solicitation” as defined in Section 14 of the Exchange Act. This Current Report on Form 8-K does not constitute an offer, or a solicitation of an offer, to buy or sell any securities, investment or other specific product, or a solicitation of any vote or approval, nor shall there be any sale of securities, investment or other specific product in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. Any private offering of securities in connection with the proposed business combination (the “Securities”) will not be registered under the Securities Act, and will be offered as a private placement to a limited number of “qualified institutional buyers” (as defined in Rule 144A under the Securities Act) or institutional “accredited investors” (within the meaning of Rule 501(a) under the Securities Act). Accordingly, until registered for resale, the Securities must continue to be held until a subsequent disposition is exempt from the registration requirements of the Securities Act. Investors should consult with their counsel as to the applicable requirements for a purchaser to avail itself of any exemption from registration under the Securities Act. The transfer of the Securities may also be subject to conditions set forth in an agreement under which they are to be issued. Investors should be aware that they might be required to bear the final risk of their investment for an indefinite period of time. Neither P3 nor Foresight is making an offer of the Securities in any state or jurisdiction where the offer is not permitted.

Participants in Solicitation

Foresight, P3 and certain of their respective directors, executive officers and other members of management and employees may, under SEC rules, be deemed to be participants in the solicitations of proxies from

Foresight's stockholders in connection with the proposed business combination. Information regarding the persons who may, under SEC rules, be deemed participants in the solicitation of Foresight's stockholders in connection with the proposed business combination is set forth in the preliminary proxy statement which has been filed with the SEC. You can find more information about Foresight's directors and executive officers in Foresight's Annual Report (defined below). Additional information regarding the participants in the proxy solicitation and a description of their direct and indirect interests is included in the preliminary proxy statement which has been filed with the SEC. Stockholders, potential investors and other interested persons should read carefully the preliminary proxy statement and the final proxy statement when it becomes available before making any voting or investment decisions. You may obtain free copies of these documents from the sources indicated above.

Cautionary Statement Regarding Forward-Looking Statements

The information in this Current Report on Form 8-K includes "forward-looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "estimate," "plan," "project," "forecast," "intend," "will," "expect," "anticipate," "believe," "seek," "target" or other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements include, but are not limited to, statements regarding estimates and forecasts of financial and performance metrics and expectations and timing related to potential benefits, terms and timing of the proposed business combination. These statements are based on various assumptions, whether or not identified in this Current Report on Form 8-K, and on the current expectations of P3 and Foresight's management and are not predictions of actual performance. These forward-looking statements are provided for illustrative purposes only and are not intended to serve as, and must not be relied on by any investor as, a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and will differ from assumptions. Many actual events and circumstances are beyond the control of P3 and Foresight. These forward-looking statements are subject to a number of risks and uncertainties, including changes in domestic and foreign business, market, financial, political and legal conditions; the inability of the parties to successfully or timely consummate the proposed business combination, including the risk that any required regulatory approvals are not obtained, are delayed or are subject to unanticipated conditions that could adversely affect the combined company or the expected benefits of the proposed business combination or that the approval of the stockholders of Foresight or P3 is not obtained; failure to realize the anticipated benefits of the proposed business combination; risks relating to the uncertainty of the projected financial information with respect to P3; future global, regional or local economic and market conditions; the development, effects and enforcement of laws and regulations; P3's ability to manage future growth; P3's ability to develop new products and solutions, bring them to market in a timely manner, and make enhancements to its platform; the effects of competition on P3's future business; the amount of redemption requests made by Foresight's public stockholders; the ability of Foresight or the combined company to issue equity or equity-linked securities in connection with the proposed business combination or in the future; the outcome of any potential litigation, government and regulatory proceedings, investigations and inquiries; and those factors discussed under the heading "Risk Factors" in Foresight's Annual Report on Form 10-K for the year ended December 31, 2021 and filed with the SEC on April 6, 2021 (the "Annual Report") and the preliminary proxy statement, and in other documents of Foresight filed, or to be filed, with the SEC. If any of these risks materialize or our assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that neither P3 nor Foresight presently know or that P3 and Foresight currently believe are not material that could also cause actual results to differ from those contained in the forward-looking statements. In addition, forward-looking statements reflect P3's and Foresight's expectations, plans or forecasts of future events and views as of the date of this Current Report on Form 8-K. P3 and Foresight anticipate that subsequent events and developments will cause P3's and Foresight's assessments to change. However, while P3 and Foresight may elect to update these forward-looking statements at some point in the future, P3 and Foresight specifically disclaim any obligation to do so. These forward-looking statements should not be relied upon as representing P3's and Foresight's assessments as of any date subsequent to the date of this Current Report on Form 8-K. Accordingly, undue reliance should not be placed upon the forward-looking statements.

BASIS OF PRESENTATION

This presentation is provided for informational purposes only and has been prepared to assist interested parties in making their own evaluation with respect to a potential business combination (the "proposed business combination") between P3 Health Partners ("P3") and Foresight Acquisition Corp. ("Foresight" or "SPAC"), and related transactions, and for no other purpose. No representations or warranties, express or implied are given in, or in respect of, this presentation. To the fullest extent permitted by law, in no circumstances will P3, Foresight or any of their respective subsidiaries, stockholders, affiliates, representatives, partners, directors, officers, employees, advisers or agents be responsible or liable for any direct, indirect or consequential loss or loss of profit arising from the use of this presentation, its contents, its omissions, reliance on the information contained within it, or on opinions communicated in relation thereto or otherwise arising in connection therewith. Industry and market data used in this presentation have been obtained from third party industry publications and sources. None of P3 or Foresight has independently verified the data obtained from these sources and cannot assure you of the data's accuracy or completeness. This data is subject to change. In addition, this presentation does not purport to be all-inclusive or to contain all of the information that may be required to make a full analysis of P3 or the proposed business combination. Recipients of this presentation should each make their own evaluation of P3 and of the relevance and adequacy of the information and should make such other investigations as they deem necessary.

FORWARD-LOOKING STATEMENTS

Any investment in or purchase of any securities of P3 or Foresight is speculative and involves a high degree of risk and uncertainty. This presentation includes "forward-looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "estimate," "plan," "project," "forecast," "intend," "will," "expect," "anticipate," "believe," "seek," "target" or other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements include, but are not limited to, statements regarding estimates and forecasts of financial and performance metrics, projections of market opportunity and market share, expectations and timing related to site build-outs and capacity deployment, potential benefits of the transaction and the potential success of P3's strategy and expectations related to the terms and timing of the proposed business combination and related transactions. These statements are based on various assumptions, whether or not identified in this presentation, and on the current expectations of P3's and Foresight's management and are not predictions of the actual performance. These forward-looking statements are provided for illustrative purposes only and are not intended to serve as, and must not be relied on by any investor as, a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and will differ from assumptions. Many actual events and circumstances are beyond the control of P3 and Foresight. These forward-looking statements are subject to a number of risks and uncertainties, including changes in domestic and foreign business, market, financial, political, legal and regulatory conditions; the inability of the parties to successfully or timely consummate the proposed business combination, including the risk that the conditions to the proposed business combination are not satisfied or waived, including that any required regulatory approvals are not obtained, are delayed or are subject to unanticipated conditions that could adversely affect the combined company or the expected benefits of the proposed business combination or that the approval of the stockholders of Foresight is not obtained; failure to realize the anticipated benefits of the proposed business combination; risks related to the effects and uncertainties created by the ongoing COVID-19 pandemic; risks relating to the uncertainty of the projected financial information with respect to P3; risks related to the rollout of P3's business and the timing of expected business milestones; risks related to P3's commercial partnerships, including the inability of P3 and commercial counterparties to enter into definitive agreements; future global, regional or local economic and market conditions; the development, effects and enforcement of laws and regulations; P3's ability to manage future growth; P3's ability to develop new products and solutions, bring them to market in a timely manner, and make enhancements to its platform; the effects of competition on P3's future business; the amount of redemption requests made by Foresight's public stockholders; the ability of Foresight or the combined company to issue equity or equity-linked securities in connection with the proposed business combination or in the future; the outcome of any potential litigation, government and regulatory proceedings, investigations and inquiries; and those factors discussed in Foresight's Annual Report on Form 10-K for the year ended December 31, 2020 and filed with the SEC on April 6, 2021 (the "Annual Report") under the heading "Risk Factors," Preliminary Proxy Statement on Schedule 14A filed with the SEC on August 12, 2021 under the heading "Risk Factors," and other documents of Foresight filed, or to be filed, with the SEC. If any of these risks materialize or our assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that neither Foresight nor P3 presently know or that Foresight and P3 currently believe are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. In addition, forward-looking statements reflect Foresight's and P3's expectations, plans or forecasts of future events and views as of the date of this presentation. Foresight and P3 anticipate that subsequent events and developments will cause Foresight's and P3's assessments to change. However, while Foresight and P3 may elect to update these forward-looking statements at some point in the future, Foresight and P3 specifically disclaim any obligation to do so. These forward-looking statements should not be relied upon as representing Foresight's and P3's assessments as of any date subsequent to the date of this presentation. Accordingly, undue reliance should not be placed upon the forward-looking statements.

USE OF PROJECTIONS AND DESCRIPTION OF KEY CONTRACTS AND PARTNERSHIPS

This presentation contains projected financial information with respect to P3, namely revenue and EBITDA for 2021. Such projected financial information constitutes forward-looking information, and is for illustrative purposes only and should not be relied upon as necessarily being indicative of future results. The assumptions and estimates underlying such projected financial information are inherently uncertain and are subject to a wide variety of significant business, economic, competitive and other risks and uncertainties that could cause actual results to differ materially from those contained in the prospective financial information. See "Forward-Looking Statements" above. Actual results may differ materially from the results contemplated by the projected financial information contained in this presentation, and the inclusion of such information in this presentation should not be regarded as a representation by any person that the results reflected in such projections will be achieved. Neither the independent auditors of Foresight nor the independent auditors of P3, audited, reviewed, compiled, or performed any procedures with respect to the projections for the purpose of their inclusion in this presentation, and accordingly, neither of them expressed an opinion or provided any other form of assurance with respect thereto for the purpose of this presentation.

This presentation contains descriptions of certain key business partnerships of P3. These descriptions are based on the P3 management team's discussions with such counterparties and the latest available information and estimates as of the date of this presentation. In each case, such descriptions are subject to negotiation and execution of definitive agreements with such counterparties which have not been completed as of the date of this presentation and, as a result, such descriptions of key business partnerships of P3, remain subject to change.

FINANCIAL INFORMATION; NON-GAAP FINANCIAL MEASURES

The financial information and data contained in this presentation is unaudited and does not conform to Regulation S-X. Accordingly, such information and data may not be included in, may be adjusted in or may be presented differently in, any proxy statement, registration statement, or prospectus to be filed by Foresight with the SEC. Some of the financial information and data contained in this presentation, such as EBITDA and EBITDA Margin, have not been prepared in accordance with United States generally accepted accounting principles ("GAAP"). EBITDA is defined as net earnings (loss) before interest expense, income tax expense (benefit), depreciation and amortization. Foresight and P3 believe that the use of these non-GAAP financial measures provides useful information to management and investors regarding certain financial and business trends relating to P3's financial condition and results of operations. Foresight and P3 believe that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating projected operating results and trends in and in comparing P3's financial measures with other similar companies, many of which present similar non-GAAP financial measures to investors. Management does not consider these non-GAAP measures in isolation or as an alternative to financial measures determined in accordance with GAAP. The principal limitation of these non-GAAP financial measures is that they exclude significant expenses and income that are required by GAAP to be recorded in P3's financial statements. In addition, they are subject to inherent limitations as they reflect the exercise of judgments by management about which expense and income are excluded or included in determining these non-GAAP financial measures. P3 is not providing a reconciliation of its projected EBITDA, EBITDA Margin and other metrics for full years 2021-2025 to the most directly comparable measure prepared in accordance with GAAP because P3 is unable to provide this reconciliation without unreasonable effort due to the uncertainty and inherent difficulty of predicting the occurrence, the financial impact, and the periods in which the adjustments may be recognized. For the same reasons, P3 is unable to address the probable significance of the unavailable information, which could be material to future results.

ADDITIONAL INFORMATION ABOUT THE PROPOSED BUSINESS COMBINATION AND WHERE TO FIND IT

The proposed business combination will be submitted to stockholders of Foresight for their consideration. Foresight filed preliminary a proxy statement (the "Proxy Statement") with the SEC on August 12, 2021. After the definitive Proxy Statement has been filed, Foresight will mail the definitive Proxy Statement and other relevant documents to its stockholders as of the record date established for voting on the proposed business combination. Foresight's stockholders and other interested persons are advised to read, once available, the preliminary Proxy Statement and any amendments thereto and, once available, the definitive Proxy Statement, in connection with Foresight's solicitation of proxies for its special meeting of stockholders to be held to approve, among other things, the proposed business combination, because these documents will contain important information about Foresight, P3 and the proposed business combination. Investors and securities holders may also obtain a copy of the preliminary or definitive Proxy Statement, once available, as well as other documents filed with the SEC regarding the proposed business combination and other documents filed with the SEC by Foresight, without charge, at the SEC's website located at www.sec.gov or by directing a request to Gateway Investor Relations, (949) 574-3860, FORE@gatewayir.com.

INVESTMENT IN ANY SECURITIES DESCRIBED HEREIN HAS NOT BEEN APPROVED OR DISAPPROVED BY THE SEC OR ANY OTHER REGULATORY AUTHORITY NOR HAS ANY AUTHORITY PASSED UPON OR ENDORSED THE MERITS OF THE OFFERING OR THE ACCURACY OR ADEQUACY OF THE INFORMATION CONTAINED HEREIN ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

Disclaimer

PARTICIPANTS IN THE SOLICITATION

Foresight, P3 and certain of their respective directors, executive officers and other members of management and employees may, under SEC rules, be deemed to be participants in the solicitations of proxies from Foresight's stockholders in connection with the proposed business combination. Information regarding the persons who may, under SEC rules, be deemed participants in the solicitation of Foresight's stockholders in connection with the proposed business combination will be set forth in the Proxy Statement when it is filed with the SEC. You can find more information about Foresight's directors and executive officers in Foresight's Annual Report. Additional information regarding the participants in the proxy solicitation and a description of their direct and indirect interests will be included in the Proxy Statement when it becomes available. Stockholders, potential investors and other interested persons should read the Proxy Statement carefully when it becomes available before making any voting or investment decisions. You may obtain free copies of these documents from the sources indicated above.

NO OFFER OR SOLICITATION

This presentation does not constitute an offer to sell or the solicitation of an offer to buy any securities, or a solicitation of any vote or approval, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.

TRADEMARKS

P3 Care Teams Engage Patients Immediately to Focus on Wellness and Prevention

A

New Patient Onboarding

- P3 Care Team stratifies new members based on known **disease burden, medications and medical cost** – indicators to gauge overall health
- P3 Care Team notices Ms. Smith¹, a woman with **diabetes, but no other documented co-morbidities** (statistically unlikely) and flags for P3 Care Team

B

P3 Care Team Engages Ms. Smith

- P3 Care Team reaches out to Ms. Smith to start building a relationship
- P3 Care Team realizes that Ms. Smith has **two additional co-morbidities** (hypertension and hyperlipidemia) and properly documents for RAF scoring

C

Whole Patient Care

- P3 Care Team navigates, coordinates and integrates care to create a customized plan
- Example includes setting up a meeting with Ms. Smith, her children (e.g. **primary caretakers**) and P3 dietician to understand what her plate should look like and how to shop and cook to **enable healthy eating for diabetics**

D

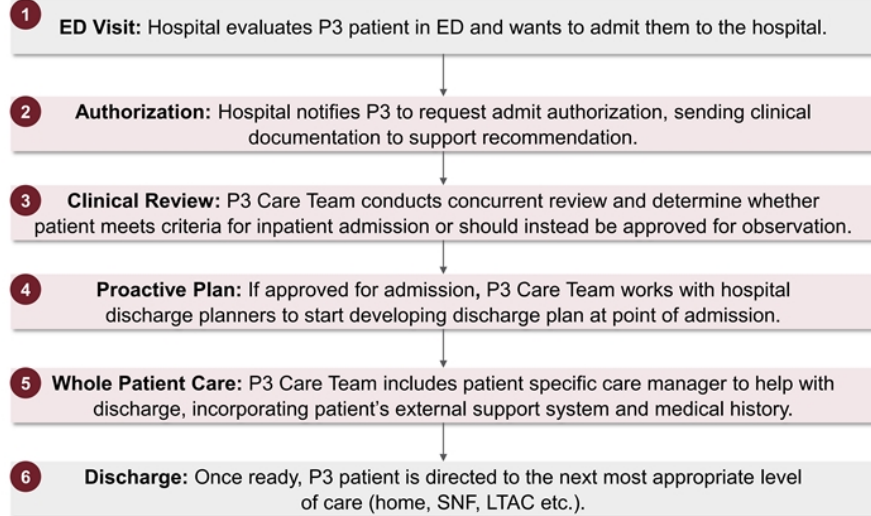

Maximizing Self-Care

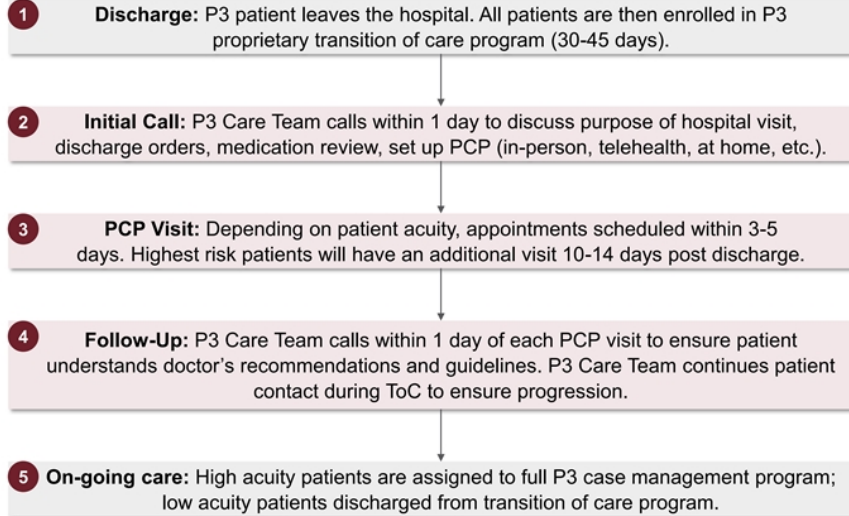

- P3 Care Team **front loads outreach**, calling Ms. Smith daily to talk about blood sugar, exercise habits and changes to diet
- Ms. Smith's **blood sugar levels move from high to consistently within normal range** and P3 Care Team scales back to encourage self-care abilities

How Our Products Work

Our Technology Suite Enables The Delivery Of High-Quality Care At Scale

Provider Portal

- Seeks to improve provider performance, quality and alignment to payment incentives
- Provider of ADT* alerting
- Also used to improve coding and chart review

Analytic Management

- Seeks to leverage data to inform business decisions
- Provides data insights such as quality, utilization, risk, pharmacy and finance
- Estimates risk stratification, future admit rates and disease progression

P3 Care Connect

- Seeks to improve efficiency of existing workflows
- Sends provider notifications, generates letters and fulfillment, conducts reporting and audit compliance

P3 N-Gage

- Seeks to improve communication between care managers and patients
- Presents member a summary of admissions, discharges, biometric data and care plans

*Admissions, discharge and transfer system

P3 Model Not Only Drives Results, But Also Improves Patient Experience

*"I love my care manager. She is so patient and really cares for her patients. She helps me with making appointments and always calls me afterwards to follow up and make sure everything went well and answer any questions I might have. I **would not be alive today if I didn't have her help.**"*

"I used to go to the emergency room every time something was wrong, but now I can just call my P3 team, and they will help me instead. Last week I was in so much pain and they sent healthcare providers to my home and got me an appointment with my PCP the next day."

"My PCP told me I needed to see a surgeon, but I didn't know how to. P3 found me multiple options that were within my plan's network, helped me get an appointment and coordinated transportation."

P3 Model Enables Capital Efficient Growth and Maintains Patient-Provider Relationship

We Enter Markets Through Partnerships With Payors And Providers

Payors

- Health plans seek P3 to optimize entire blocks of existing business
- Establishes contracts based on market data in provider contracting, including payor relationships and payment methodologies
- Improved outcomes and realized cost savings allow for repeatable, faster growth in the market

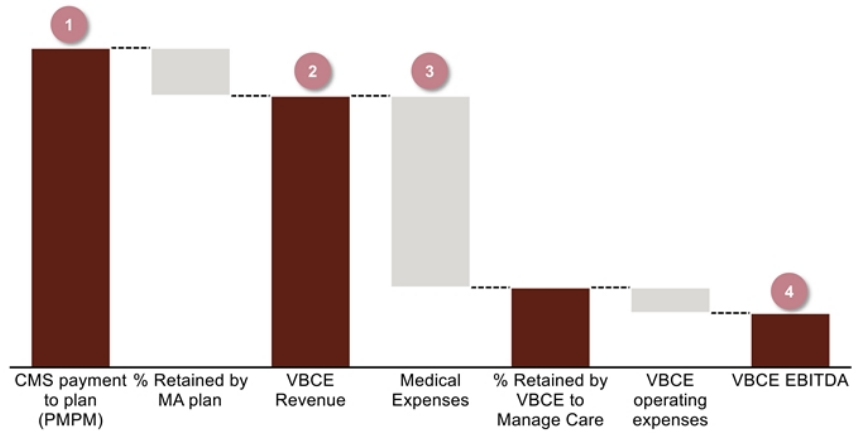

Providers

- Market analysis based on network, market and senior population dynamics
- Network team identifies existing physician services that align with the P3 model
- Strong reputation for improving clinical and financial outcomes with installed provider base
- Hire / contract with local resources that have established relationships within the market to identify provider groups that align with the P3 model of care

Value-Based Care Physician Enablement Economics

- 1 CMS pays healthcare plans on a per member per month (PMPM) basis, reflective of patient health conditions
- 2 Value-Based Care Physician Enablement companies that enter contracts with Medicare Advantage plans will retain a percentage of the CMS premium; Percentage dependent on level of risk
- 3 Medical expenses include third party medical costs as well as physician incentive programs
- 4 As patient populations mature and clinical outcomes improve, VBCE companies generate positive EBITDA

Proven Outcomes

P3 Model Drove ~20% Reduction of Medical Cost in First Three Years

Medical Cost Reduction¹ of \$113 PMPM

- Results reflect first P3 payor contract in Arizona ("Payor A")
- Aligned physician incentives increased patient access, improved clinical outcomes and reduced hospital admissions and ED visits
- Reshaped local network reduced medical costs while maintaining quality of care
- Delegated services created value for providers and payors

¹ Reflects Part C Medical Cost of Payor 1 (PMPM)

Aligned Primary Care Physician Incentives Deliver Optimal Patient Care

Base Compensation

- No changes made to base compensation once primary care physicians become P3 affiliates

Value-Based Incentive Program

- PCPs immediately qualify for additional payments to incentivize patient access:
 - Comprehensive examinations
 - >75% patients have PCP visit within 7 days of discharge
 - >90% patients receive comprehensive examination
 - Provide remote access to EHR
 - Coordinate care and perform case study reviews with P3 care team

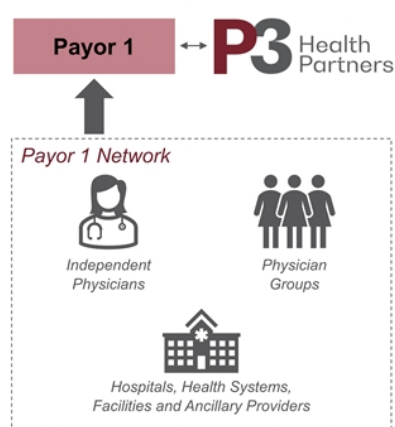

Surplus Sharing Program

- PCPs share in cumulative surplus created by improved clinical outcomes and lower cost of care
- PCP incentivize to focus on quality of care rather than quantity of services provided

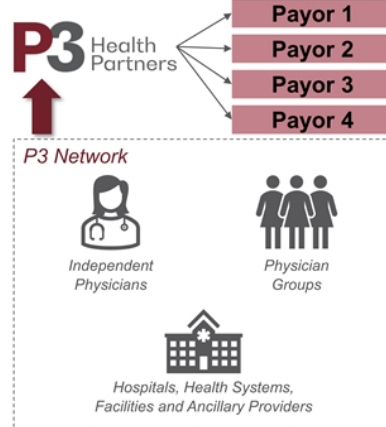

Dollars (\$ PMPM)

P3 Built A Proprietary Network of Physicians, Specialists and Health Systems

January 1st, 2018

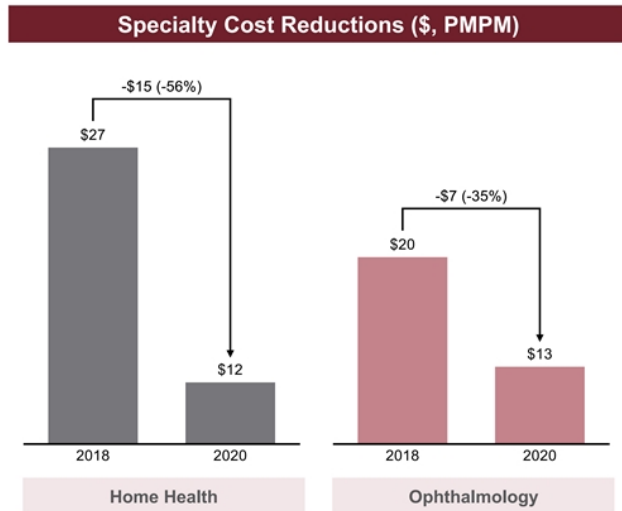

January 1st, 2019

- Initially relied on pre-existing (Payor 1) contracts for physician and health system partners
- P3 incorporated feedback from PCPs with data regarding quality and effectiveness to understand and reshape network
- Throughout the year, P3 negotiated directly with providers and health systems to enter new contracts

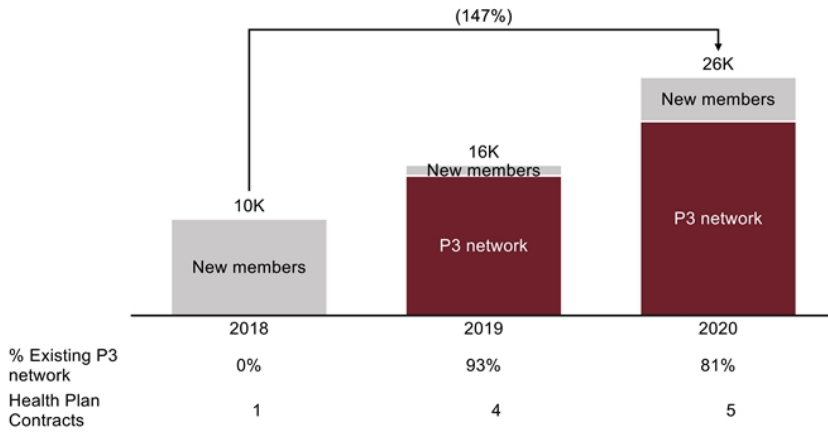

P3 Reshaped Local Network to Drive Medical Cost Reductions

- P3 reduced the number of home health providers in network and negotiated capitated contract by January 1st, 2019 (**\$15 PMPM savings**)
- P3 identified specialty providers (ex. ophthalmology) that were running at above market costs
 - P3 engaged ophthalmologists to discuss general alternatives; Retinal surgeons increased usage of Avastin (vs. Eylea and Lucentis) in 2019 **saving ~\$7 PMPM**
- Further network management based on negotiated reimbursement models and stronger unit costs

Proprietary Network Enables Membership Growth

P3 Arizona MA Lives (K)

- Our provider network often serves a patient panel beyond our existing payor relationships
- An established network provides a common ground for conversations with additional payor partners
